Brent – We will be meeting in the EPA conference center and you are more than welcome to attend in person. Please let me know if there will be more than you and Douglas from BLM attending so I can inform security that you are coming. See you next Tuesday.

All,

I've invited BLM's risk assessor (Douglas Cox) to attend the Tues meeting. Doug will be a valuable addition to our Animas team. Are the EPA folks planning to meet in a conference room? If so, perhaps Doug and I will attend in person. thanks.

All – Lets meet to discuss “goal setting” for the cleanup. I think that if we can start to put a set of goals together to present to the ARSG for a discussion at one of their monthly meetings, perhaps a “common vision” could begin to emerge. I know – I’m probably being overly optimistic but when on several recent occasions the question of what our “collective” goal was went unanswered, it seems like EPA and BLM should take the initiative to formulate something.

Brent & Kay – I don’t know your schedules so please let everyone know if this will work or suggest an alternate day/time next week. And if there is someone else in BLM that should be included please forward this invite to them.

Thanks.

We will be meeting in the Aspen Room in the EPA conference center.
